

Product information
0979 PTX 201
6907

Name	0979 PTX 201
Delivery informations	
Availability	available
Product description	
Type	0979 PTX 201
Order No.	6907
Description	Profibus terminating resistor for the 12 pole M23 bus connection
Note	The application of these products in harsh environments should always be checked before use.
Product characteristics	Oil resistance, Vibration resistance
Classification	
Belden class	Profibus Terminating Resistors
Belden brand	Lumberg-Automation

Profibus terminating resistor for the 12 pole M23 bus connection
